REQUEST OF PROFESSOR

(Square stamp: University of Bihać
Biotechnical Faculty in Bihać
Number: 03-804/2020
Date: 13th My 2020)

Name and family name of professor/assistant professor:

Emir Mujić, PhD, assistant professor/docent

To: Scientific-teaching council of Biotechnical Faculty of University of Bihać

Attn Dean of Biotechnical Faculty;

Husein Vilić, PhD, associate professor

Subject of request: Request for passing the decision on establishment of laboratory/IT cabinet for Food production systems management within the STEPS Project

Dear Sir,

Besides the development of laboratory capacities (procurement of laboratory-instrumental equipment) in the framework of **Erasmus+ Project (“Msc in Sustainable Food Production Systems / STEPS“, no. 598963-EPP-1-2018-1-AL-EPPKA2-CBHE-JP)**, within the aforementioned project, the University of Bihać, Biotechnical Faculty has the possibility, but also it has the obligation of development of laboratory/IT cabinet for the Food production systems management within the STEPS Project, which would support the fulfillment of the second cycle studies on sustainable food production systems, but it would also support the fulfillment of other study programs related to the study programs of the I and the II cycle.

For the aforementioned purpose, through the implemented and terminated bidding procedures, the procurement of IT equipment was done (the computers, servers etc.) and these activities have been directly and fully financed by European Union, through this aforementioned project.

In accordance with the purpose and the needs for provision of IT-infrastructure capacities for the fulfillment of study program “Sustainable food production systems” and according to the needs of other related study programs of Biotechnical faculty, through the performed and terminated bidding procedures and according to the needs within the project activities, concerning the justification and writing of reports related to the work package of WP5 STEPS, which is under the competence of University of Bihać, I do require from the Scientific-teaching council of Biotechnical faculty to pass the **Decision on on establishment of laboratory/IT cabinet for Food production systems management within the framework of STEPS Project.**

Sincerely yours

In Bihać, 13th May 2020

Project Leader and the member of
the project management team of STEPS project:
Emir Mujić, PhD, assistant professor/docent
